## CYBERWISDOM

for **Year Eight** classes

What is the impact of online communication on friendships and our mental health? How do media companies control our time? This session is designed to re-evaluate our digital habits.

*Our sensitively crafted workshops have been used by over 40 schools and colleges this year. Why not invite our professional and highly experienced team in to your school to enhance pupil experience and to ensure a consistent and comprehensive approach to your PSHE teaching.*

“Whether it’s Cyberwisdom with year 8 or Body Positivity with year 11, the quality and challenge in each session has been remarkable. We thoroughly recommend other schools invite the Conversation in to work with their students across all years.”  
Head Of PSHE, Bourne Grammar School
