

SEND Workshops

All our workshops can be adapted to suit different ability groups and learning needs. However, the workshop below is especially designed with SEND students or young adults in mind. The workshop and its delivery is adapted to each individual setting.

Boundaries and Appropriate Behaviours

Students will:

- Identify healthy characteristics of a relationship
- Explore appropriate behaviour in different relationships
- Consider their own boundaries in real life and online

Sex and Relationships

Students will:

- Memorise the correct names for their reproductive organs
- Define what sexual intercourse is and summarise how a baby is made
 - Explore how relationships develop
 - Discuss contraception and consent
