THRIVE DRAMA - MANAGING CONFLICT IN FRIENDSHIPS

For Year Five and Six classes

This workshop aims to equip students with the skills to solve friendship conflicts and to develop positive online behaviour using forum theatre drama techniques.

This programme meets with the national health and relationships curriculum on friendships

talktous@theconversationstamford.co.uk

- Developing conflict resolution skills
- Exploring healthy behaviours in friendships

“...The Thrive workshop was brilliant. The activities were engaging , fun, age-appropriate and ladies led the workshop with professionalism and provided real enjoyment, catering to all 31 of the year five children's needs. Not only did the pupils experience activities outside of usual classroom timetable, they learnt fundamental life skills which we have used in class since and will continue to do so.”
